

## THE ZERO DISCRIMINATION DAY

The zero-discrimination day is an international fight against all intolerances. It is celebrated every March 1st all over the world. The butterfly is its symbol because it represents diversity and freedom.

At Pierre-Auguste Renoir College, it was on March 18th and 19th that the Erasmus + team led the entire school into reaching this international goal. It organised many happenings, such as floor and wall displays, badges, logos, a dresscode, tales, short films, and an online magazine, to fight against, for example, homophobia, racism, sexism, conjugal violence, discrimination against people with disabilities ...

Our partner, IES Ichasagua, didn't miss the opportunity to defend this cause alongside us.

A big thank you to this partnership which allows us, students, to become day by day future exemplary citizens and to fight at our level against inequalities.

The ELCE students.

# Cero Discriminación

El día Cero Discriminación se celebra el primero de marzo. En el colegio, este evento va a celebrarse el dieciocho y diecinueve de marzo. Es organizado por los alumnos de ELCE y por los profesores para transmitir un mensaje de lucha contra las discriminaciones.

El símbolo es la mariposa.

Los alumnos de ELCE han creado :

- Una revista en línea
- Mapas mentales
- Un corto metraje
- Cuentos
- Carteles
- Creación de un logo tipo

Nosotros hemos previsto un código de vestimenta con muchos colores para representar la diversidad.

**¡Apoyad el #Cero Discriminación !**
